

LAKE LOCAL SCHOOLS TWO-HOUR DELAYED SCHEDULE 2013-2014

Lake Local Schools, on some threatening weather days, will be implementing a 2-hour delayed schedule for all buildings.

Rationale:

We could see improved weather and road conditions by 8:30 – 9:00 a.m. on some threatening weather days and feel that we can save an attendance day by using this schedule. A delayed start will also help to eliminate the need for possible additional make-up days in June. There is more daylight as our students travel to school on foot, in cars or by school bus. The improved visibility may help to eliminate some potential driving and walking hazards. This schedule will allow for more attention to the roads before travel to school begins.

Procedures:

All instructional and office operations will operate on a two hour delay. Cafeteria staff will work on a delayed schedule as arranged by the food service director. Parochial, Montessori and out of district schools' students will continue to be transported by their present buses but will be picked-up and dropped off at their respective schools on the 2-hour delayed schedule. Take home times will remain the same for all students.

The 2-hour delayed schedule may be implemented as conditions dictate beginning August 20, 2013.

Schedules:

School	Student School Start Time	Student Bus Dismissal Time
Lake High School	9:29	2:33
Lake Middle School	9:20	2:25
Lake Elementary	9:30	2:05
Hartville Elementary	10:45	3:15
Uniontown Elementary	10:45	3:20

****All buses will be running routes on a 2-hour delay from normal pickup times.**

****A.M. SCIP will be canceled on Delayed Start days.**

Compact and Career Tech Schedules

Students attending Lake from other districts will not report for all classes ending at 10:38 a.m. or earlier. Students attending classes that normally begin at 11:30 or later will be required to attend.

Media Outlets that will be used on 2-hour delay schedule days

- WHBC AM/FM
- Phone Notification System
- Lake Local Website
- Canton Repository on-line daily news

All day school closings will continue to be communicated in the same manner as the past.
